Election/Restrictions

Claims 35-38 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 11 January 2006.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 15 is rejected under 35 U.S.C. 102(b) as being anticipated by Dobbin (US 3,314,869).

Regarding claim 15, Dobbin teaches (col. 4 lines 25-30, col. 7 lines 19-40, Figs. 1 and 2) a process for electrolytically polishing (i.e. etching) gold from a microelectronic workpiece, said process comprising the steps of: (a) providing an electrolyte (i.e. etching bath) which is not specified as containing thiourea; (b) providing a microelectronic workpiece having thereon at least some gold; (c) contacting said gold with said etching bath; (d) providing electric current flow between said gold and a cathode disposed in electrical contact with said bath, whereby at least a portion of said gold is inherently removed from said microelectronic workpiece.

Allowable Subject Matter

Claims 16-28 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not teach a process for electrolytically etching gold from a microelectronic workpiece including the step of providing an etching bath containing the claimed amounts of iodide, sulfite and wetting agent in combination with the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
